

The Florida House of Representatives

House Bill Drafting

Dean Cannon
Speaker

January 30, 2011

This publication, the 2011 edition of *Guidelines For Bill Drafting*, is an attempt to strike a balance between the distribution of simple bill drafting instruction sheets and the publication of a comprehensive legal manual.

The House Bill Drafting Service responds to requests from the membership and councils and committees of the House of Representatives and will be happy to discuss in more detail any of the matters touched upon in the *Guidelines*.

David Savelle
Staff Director
House Bill Drafting
